# Travel safely

## Waiting at the stop

Remember to stand behind the yellow safety line and wait for passengers to leave the LRV before boarding.

For your security, all stops have CCTV cameras that are monitored 24/7 and emergency help points available.

## Opening the doors

Passengers are required to push the yellow button when boarding and exiting the LRV. A red light will illuminate above the doors, as well as an audible beep signals the closure of LRV doors. To reopen the doors, push the yellow button. Always stand clear of closing doors.

## On board the LRV

Please take a seat if one is available. If standing, please hold onto a handrail or hand strap as the LRV may brake unexpectedly.

There are dedicated areas at stops and on board for mobility aid users. Red priority seating is available on board the LRVs for elderly people, pregnant women and for those less mobile customers.

When travelling with a bicycle, you must use the bicycle racks on board at all times.

## Exiting the LRV and light rail stop

Please remain seated or hold onto a handrail or strap until the LRV comes to a complete stop. Passengers requiring additional time to exit should press the wheelchair help point on approach to their stop. Always use the designated crossing points to cross the tracks and road when leaving the stop.

## Bus and light rail connection

The light rail network has been designed for bus to light rail connectivity at key locations.

For full details on connections between light rail and buses, visit [www.transport.act.gov.au](http://www.transport.act.gov.au)

# WELCOME ABOARD

## A guide to using your Light Rail

TG20271 - Printed November 2021

## On board the LRV

Light rail is proudly operated by CMET. Our staff are here to ensure that every passenger enjoys an exceptional travel experience.

The following diagram illustrates the layout of the light rail vehicle (LRV).

- Wheelchair access**  
Please use centre doors only to enter and exit the LRV
- Bike access and storage**  
4 bike racks on board each LRV
- Emergency Assistance**  
Press button to speak to an operator

- Wheelchair help point**  
Press button to request the door to open at the next stop
- Priority seats**  
Priority seats are coloured red. Please vacate seat for less mobile customers

No smoking

No food

No drinks

No loud music

Security

## Have you got your ticket?

All passengers are required to have a valid ticket before boarding the LRV. All Transport Canberra fares and tickets, including pre-purchased bus tickets, are valid. If travelling on a concession entitlement, proof of concession must be carried at all times while travelling. There are several methods of purchasing a ticket.

### Ticket Vending Machine

The ticket vending machines are located at all stops. Here you can purchase a single trip paper ticket, valid for 90 minutes on light rail and Transport Canberra Buses.

### MyWay Card

Buy your MyWay card in advance online or at a MyWay recharge agent. You will be able to top up your MyWay card at the ticket vending machine and tap on and off before and after you board.

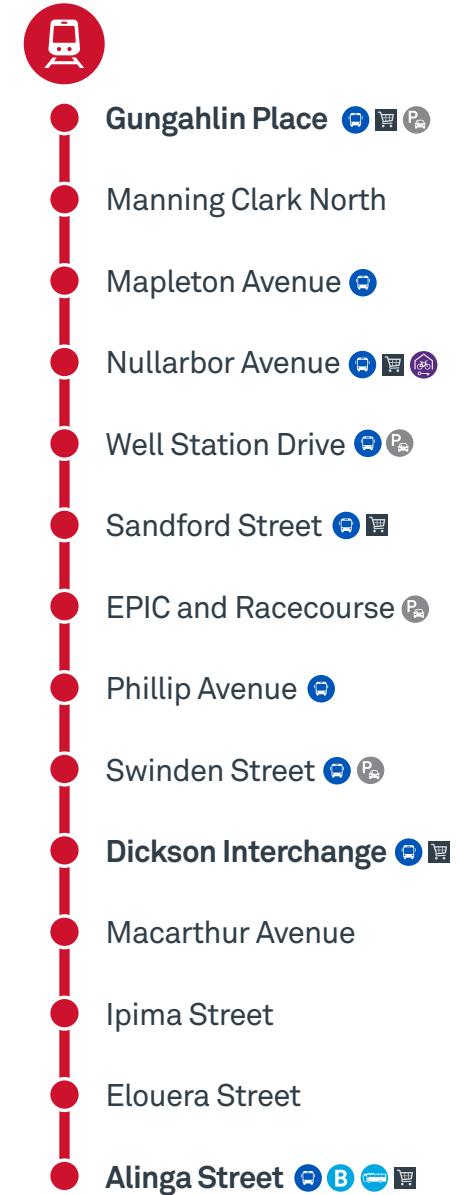

Visit [www.transport.act.gov.au/myway-and-fares](http://www.transport.act.gov.au/myway-and-fares) for your nearest MyWay agent.

If you board an LRV without a validated MyWay or valid paper ticket you may be issued with an infringement notice.
